Services

Sales, warehousing and distribution of engine and aircraft parts.

Our parent Company, GA Telesis LLC, is one of the world’s largest integrated commercial aerospace companies, covering leasing, parts sales and acquisitions, supply chain management and MRO.

Quality System elements for GA Telesis (UK) Ltd

We have a maintained Quality Control system in place which covers:
Receiving and inspection <ul style="list-style-type: none"> • All parts are inspected for physical damage and preservation • Certification on all parts approved for return to service is obtained • Parts without approval for return to service are received with information as to identity and condition
Traceability documentation are maintained for at least 7 years after sale
All records are protected against damage, alteration, deterioration and loss
We have adequate space and appropriate racking to preclude damage to parts – storage areas are checked periodically for overall effectiveness
There a system to segregate and identify serviceable from unserviceable units – using a Quarantine area
We have an ESD workstation in place and our Personnel are properly trained in its application
We verify parts against paperwork prior to shipment
Controls are in place to ensure proper packing of material
All training records maintained and we maintain details of personnel (and their alternates) authorized to perform inspection functions
We maintain an active corrective and preventative action system
We maintain a documented shelf-life programme
We have an internal audit and surveillance programme
