Within such period, or any extension thereof to which the Parties may agree, Buyer shall either: (a) cancel such suspension, or (b) terminate the work covered by such suspension in accordance with section 4.3 (Termination) of these STC.

### 3. Quality

The conformance of goods or Services (including related documents) supplied by Vendor will be measured. Should performance be deemed unacceptable, a corrective action plan may be required, in addition to corrective action for specific non-conformances. Vendor agrees to work with Buyers to resolve root causes and implement corrective actions of these issues.

Vendor will maintain a quality management system capable of:

### 4. Additional Provisions

#### 4.1 Price and Taxes

Prices for goods or Services will be set out in the applicable Agreement and shall be all inclusive, including, but not limited to taxes, the cost of packing, crating, materials and delivery DDP (Incoterms 2010) to the specified place. Prices are not subject to revision.

### 4.2 Delays

Time is of the essence for performance of Orders. If any goods or Services are not delivered within the time specified, Buyer in addition to any other remedies provided by law, may refuse to accept all or any part of such goods or Services or may cancel the Order; provided however, neither Party will be liable for delays in delivery caused by events or circumstances beyond its reasonable control, including but not limited to widespread strikes, civil unrest, war, fire, flood, explosion, earthquakes, or acts or omissions of government, (collectively, "**Force Majeure Events**").

In the event of a Force Majeure Event, the obligations of the affected Party may be extended for a period required in order to allow such Party the same opportunity to perform its obligations as it would have had in the absence of the relevant Force Majeure Event. This Section shall not, however, relieve the affected Party from using its commercially reasonable efforts to avoid or remove such causes and continue performance upon removal or termination of the Force Majeure Event. The affected Party agrees to promptly notify the other Party when a Force Majeure Event occurs or is likely to occur and agrees to continue to advise such other Party of new schedules and/or change thereto. Additionally, upon the cessation of the Force Majeure Event, the affected Party will give prompt written notice to the other Party of such cessation and shall continue with the performance of its obligations as soon as reasonably practicable.

### 4.3 Termination

Either Party may terminate the Contract if the other Party:

- Applies for or consents to the appointment of a receiver, trustee, custodian, intervener, or liquidator of itself or of all or a substantial part of its assets;
- Files a voluntary petition in bankruptcy, admits in writing that it is unable to pay its debts as they become due or generally fails to pay its debts as they become due;
- Makes a general assignment for the benefit of creditors;
- Files a petition or answer seeking reorganization or an arrangement with creditors or to take advantage of any bankruptcy or insolvency laws;
- Files an answer admitting the material allegations of, or consents to, or defaults in answering, a petition filed against it in any bankruptcy, reorganization, or insolvency proceeding; or
- Has an involuntary proceeding commenced against it seeking bankruptcy or reorganization or the appointment of a receiver, custodian, trustee, liquidator or other similar official, or all or substantially all of its assets, and such proceeding shall not be dismissed within 30 days of the filing thereof.

Upon the occurrence of any of the foregoing events with respect to either Party, the other Party may immediately terminate the Contract, including any work in progress, upon written notice to the affected Party.

If either Party fails to perform its obligations under the Contract, and such failure continues for thirty (30) days after written notification is received from the other Party, the non-defaulting Party may terminate the Contract immediately upon written notice.

Upon receipt of a notice of termination from Buyer as described above, Vendor will immediately stop all Services and cause its suppliers and/or subcontractors to cease work. In no event will Buyer be liable to Vendor or any third party for any losses or damages resulting from such termination including, but not limited to, lost profits.

Termination of the Contract as provided herein will not relieve either Party of any liability, obligations, expenses, or charges accrued up to the date of such termination. All rights accruing

to the non-defaulting Party up to said date of termination shall remain in full force and effect and such termination will not affect its right to bring suit or to make a claim for damages.

#### 4.4 Inspection

All Services or goods ordered will be subject to inspection and acceptance by Buyer or its authorized representative within a commercially reasonable time. Buyer, at its sole option, may inspect all or a sample of the Services or goods, and may reject all or any portion of the Services or goods if it determines that they are nonconforming or defective. If Buyer rejects any portion of the Services or goods, Buyer has the right, effective upon written notice to Vendor, to: (a) rescind the Order in its entirety; (b) accept the Services or goods at a reasonably reduced price; or (c) reject the Services or goods and require the replacement thereof. If Buyer requires replacement of the Services or goods, Vendor shall, at its expense, within five (5) business days replace the nonconforming Services or goods and reimburse Buyer for all related expenses, including, but not limited to, transportation charges for the return of the defective Services or goods and the delivery of replacement Services or goods. If Vendor fails to timely deliver replacement Services or goods, Buyer may replace them with Services or goods from a third party and charge Vendor the cost thereof and terminate the Order for cause. Any inspection or other action by Buyer under this Section will not reduce or otherwise affect Vendor's obligations under the Order, and Buyer will have the right to conduct further inspections after Vendor has carried out its remedial actions.

#### 4.5 Indemnity

Vendor hereby agrees to release, indemnify, defend, and hold Buyer, its subsidiaries, affiliates, and shareholders, and their respective officers, directors, members, employees, agents, successors and assigns (collectively referred to as the "**Buyer Indemnitees**") harmless from and against any and all losses, liabilities, damages, costs, and expenses (including reasonable legal fees and expenses) resulting or arising (directly or indirectly) from (a) infringement or alleged infringement of any patent or any other intellectual property right by the Services provided hereunder or by any of the goods delivered hereunder which were designed or manufactured by Vendor; (c) for any violation by Vendor of applicable laws, including without limitation applicable export control laws, and (c) for deaths of or injuries to any persons whomsoever, and for loss of or damage to any property arising out of or in any way connected with the Services performed or goods sold hereunder, except that Vendor need not indemnify any Buyer Indemnitee hereunder to the extent that such loss is caused solely by the gross negligence or willful misconduct of such Buyer Indemnitee. Promptly upon a Buyer Indemnitee's request, Vendor will defend the Buyer Indemnitees against such claims, actions, proceedings and litigation and further pay any and all such losses, liabilities, costs, and expenses arising from any such claim, demand, action, proceeding, litigation, or settlement relating thereto.

In no event shall either Parties be liable to the other Party for any indirect, incidental, or consequential, punitive, or other similar damages of any kind including, but not limited to lost revenues, profits, opportunity or anticipated savings and any indirect or consequential loss or damage, for any matter arising out or in connection with the performance or non-performance of the Contract, whether such liability is asserted on the basis of contract, tort, products liability, negligence, statute or otherwise at law, even if a Party has been advised of the possibility of such damages.

#### 4.6 General

If there is any conflict between the terms of an Order and the provisions of the Contract, the provisions of the Contract will

control. In filling an Order, Vendor and its subcontractor will comply with all applicable federal, state, and local laws, rules and regulations and shall furnish evidence of such compliance as required by Buyer.

#### 4.7 Assignment

Vendor may not assign any rights or obligations arising under the Contract or any Order without the prior written consent of Buyer.

#### 4.8 Modifications

No modifications of the Contract or any Order will be binding on Buyer unless in writing and signed by Buyer or its agent. Usage of trade, course or performance any course of dealing cannot supplement or modify this the Contract or any Order. Buyer reserves the right to make, and Vendor agrees to accept, reasonable changes to any Order, including changes as to packing, leasing, destinations, specifications, designs, and delivery schedules but any such changes will be authorized by Buyer's written instructions. If such instructions affect delivery or price, Vendor will notify Buyer Immediately, and an equitable adjustment in prices or other terms hereof will be agreed upon in a written amendment to the Order. Buyer's (a) failure to insist on strict performance of any term or condition hereof; (b) failure or delay to exercise any right or remedy provided herein or by law or properly to notify Vendor in the event of breach; (c) acceptance of or payment for Services or goods hereunder; or (d) approval of any design will not release Vendor from any of the warranties or obligations of the Contract or any Order and will not be deemed a waiver of any right of Buyer to insist upon strict performance here of or any of its rights or remedies as to any prior subsequent default hereunder; nor will any purported oral modification or rescission of the Contract or any Order by Buyer operate as a waiver of any term or condition thereof.

#### 4.9 Set-off

Vendor agrees that Buyer may, at any time and from time to time, set-off, recoup or credit any amounts owed to Vendor hereunder against any amounts owed by Vendor to Buyer or any affiliate of Buyer. For the purposes hereof, "**affiliate**" means any parent or subsidiary of Buyer, or any entity under common ownership or control with Buyer.

#### 4.10 Governing Law and Dispute Resolution:

The Contract shall be governed by and construed in accordance with the laws of the State of Florida. Vendor hereby irrevocably consents to the non-exclusive jurisdiction of the federal and/or state courts located in Broward county, Florida, USA. Vendor hereby waives; (a) the right to jury trial in any proceedings; (b) any objections to venue and inconvenient forum in the state and federal courts referred to in this section and (c) any objections to service of process by certified or registered mail.

#### 4.11 Optional Arbitration for International Transactions

- a. If Vendor's headquarters or principal base of operations is located outside the United States, then either Party may elect by written notice to the other, given not later than seven (7) days after service of process in any court action arising under the Contract, that such dispute be settled in accordance with the International Arbitration Rules (the "**Rules**") of the American Arbitration Association as then in force. The International Centre for Dispute Resolution ("**ICDR**") will administer the arbitration. Where there is conflict between the Rules and this Section 4.11, the provisions of this Section will govern.
- b. Within ten (10) days after either Party's election of arbitration hereunder, the Parties will appoint one arbitrator from a list of five attorneys selected on the basis of their experience in and knowledge about aviation and commercial transactions, which list will be supplied by

ICDR. If the Parties fail to agree on the appointment of an arbitrator within such period, ICDR will appoint an arbitrator from its panel of arbitrators at the request of either Party. The arbitrator will be jointly compensated by the Parties at a rate determined by ICDR, and the Parties will share other costs of the proceedings equally, subject to the arbitrator's award of costs provided for below.

- c. The arbitration will take place in Fort Lauderdale, Florida, U.S.A., and the proceedings will be in English.
- d. The award of the arbitrator may be for monetary damages, an order requiring the performance of non-monetary obligations (including specific performance) or any other appropriate order or remedy, except that the arbitrator will have no power to award punitive, non-compensatory or exemplary damages. Any award may include costs, including, but not limited to, the cost of the arbitrator and a reasonable allowance for attorneys' fees, and prejudgment interest. Interest will run on any award at such rate from the date of the award until payment in full. The arbitrator may issue interim awards and order any provisional measures which should be taken to preserve the respective rights of either Party. Upon written request of either Party made in advance of any award, the arbitrator will supply the reasons on which the award was based.
- e. Any award will be payable in U.S. Dollars and will be the final disposition on the merits. Judgment upon the award may be entered by any court of competent jurisdiction, or application may be made to any such court for a judicial acceptance of the award and an order of enforcement, as the case may be.
- f. Without prejudice to the authority of the arbitrator hereunder, should either Party seek a temporary restraining order, replevin, prejudgment attachment or preliminary injunctive or other extraordinary relief, the court will retain jurisdiction to act.

**4.12 Export**

Vendor understands that any goods, technology, or products manufactured from the technology furnished by Buyer pursuant to the Contract are subject to export controls under the laws of the United States or any other country from which such goods, technology or products may be exported, including but not limited to the Export Control Act 2002 of the United Kingdom, European Union Council Regulation 428/2009, and the following laws and regulations of the United States: (i) U.S. export regulations governing the export, transfer, or re-export of U.S. manufactured products, and products containing U.S. components, software, or technology as set forth in the U.S. Export Administration Regulations (EAR), 15 C.F.R. §§ 734, 736; (ii) U.S. export regulations and laws restricting U.S. companies and their foreign affiliates and subsidiaries from doing business with certain embargoed countries and entities as set forth in the U.S. Foreign Asset Control Regulations (FACR), 31 C.F.R. §§ 500 et seq.; and (iii) the International Traffic in Arms Regulations, 22 C.F.R. §§ 120 et seq. Buyer may cancel the Contract and return all or any part of the goods furnished by Vendor if Vendor fails to provide any import or export documents requested by Buyer or if Buyer has reason to believe that Vendor will not otherwise comply with the requirements herein.

**4.13 Confidentiality**

**Information**"). Vendor agrees to keep Confidential Information strictly confidential and will not disclose nor use Confidential Information for any purpose whatsoever, except (a) to such of its officers, directors, attorneys, accountants, lenders, members and employees who are required to know the Confidential Information in the course of performance of the Contract, and who agree to maintain the confidentiality thereof, or (b) in connection with the enforcement of the Contract or pursuant to any valid court order, regulation or other lawful order or process compelling such disclosure, but only after prior written notice to Buyer.

**4.14 Notices and Reporting**

All notices and other communications under or in connection with the Contract will be effective when given in writing by hand delivery, registered or certified mail, overnight courier service or email. The address and email details for each Party will be as set forth in the applicable Order.
